Abstract

The purpose of this activity is to remember the services of the heroes at that time and increase unity by participating in this festival. The implementation is carried out in several stages, namely 1.) the preparation stage, 2.) the implementation stage. The activity began with a youth oath commemoration ceremony. Then the entire school community surrounded Prunggahan Wetan Village where the activities were like a parade. In this activity all students sang yells from each class to increase student enthusiasm. The last is an ice breaking activity where students watch a film about the youth oath. Apart from watching the film, there were also poetry readings from student representatives. After watching the film, students were given quizzes with prizes to increase their enthusiasm to always remember the youth oath. The program organized by KKN-T Unesa Tuban is highly supported by the school. A series of activities succeeded in achieving the expected target, starting from the ceremony to the ice breaking. The event has given a very meaningful impression to the Prunggahan Wetan Elementary School community.

INTRODUCTION
In the previous event, there were many youths who fought for Indonesia by fighting on the battlefield. The young man was willing to die for Indonesian independence. Today's youth must emulate their hard work in fighting to defend the Indonesian nation, not having to fight on the battlefield like the heroes. However, they can become young people who excel and make the name of the Indonesian nation proud. The persistence of ancient youths succeeded in giving birth to something called the "Youth Pledge". A major milestone in the history of the Indonesian independence movement is the Youth Pledge. This became the spirit to emphasize the ideals of the founding of the State of Indonesia. The acknowledgment of Indonesian youth who pledge one homeland, one nation and one language is a youth oath. Reading the youth oath on October 28, 1928.

It should be noted, the Youth Pledge was not born out of nowhere. Many things underlie the youth determined to unite. They thought they would not be able to make Indonesia independent if they fought in their own group. The spirit of unity of the former youth must be followed by today's youth, one of which is by filling independence with positive things that are useful for the homeland and the nation. Prunggahan Wetan Elementary School does not want to miss this precious moment, because that is to commemorate Youth Pledge Day this time. Prunggahan Wetan Elementary School held a Youth Pledge Festival by holding a parade, poetry readings, and film showings which were attended by all the students.

Along with the advancement of technology and time. Youth Pledge Day has been forgotten by some Indonesian youths, due to the busyness of today's youth. On the commemoration of the Youth Pledge Day, we KKN students invite all students of Prunggahan Wetan Elementary School to remember the services of the heroes at that time and increase unity by participating in this festival.

METHODS
The Youth Pledge Festival KKN-T program is carried out using the coaching method. the coaching method consists of several stages, namely design, development, implementation, and evaluation. The coaching method is an effort or action, and activities carried out in a planned, directed, regular, and responsible manner to get something better. The Youth Pledge Festival was carried out as a manifestation of the implementation of the theme of teaching assistance which is one of KKN-T MBKM Unesa programs in 2022. The Youth Pledge Festival at Prunggahan Wetan Elementary School has been carried out well according to the round-down that has been made. The ceremonial activity took place in a solemn and orderly manner for 30 minutes which was attended by all students and teachers of Prunggahan Wetan Elementary School as well as students of thematic real work lectures at Surabaya State University. Next was the parade activity which
lasted 150 minutes and was carried out by going around the Upload Prunggahan Wetan Village area together with Upload Prunggahan Wetan Elementary School students wearing jackfruit leaf hats on their heads along with all student real work lectures of the State University of Surabaya accompanied by national anthems and the spirit of the youth oath to awaken the spirit of nationalism and patriotism of the students of Prunggahan Wetan Elementary School. This activity took place in an orderly and smooth manner with each class accompanied by their respective class assistants to display the yells that had been made during the parade. Finally the ice breaking activity, this activity was filled with a poetry reading by one of the Uploaded Prunggahan Wetan Elementary School students, showing a short film entitled Youth Pledge, and giving appreciation to students who were able to answer questions related to the Youth Pledge film. The series of ice breaking activities went well and were structured, but there were several obstacles to the screening of the Youth Pledge film, namely the film shown did not attract students’ attention so they felt bored and did not pay attention to the storyline of the film. An alternative solution that might be done is to look for a youth oath film that will interest elementary school level students and replace the film with a drama or theater performance about the youth oath from students of thematic real work lectures from the State University of Surabaya.
